

bootstrap-sass #829

Navbar (fixed navbar) dropdown menu broken on 3.3.3, 3.3.2

Works on 3.3.1, not on 3.3.2 or 3.3.3. Clicking on the drop down does nothing. Regular menu items work.

Drop down menu Flicker on Page Reload

every time i navigate to a new page the dropdown menu display. go to this page <url>. reload the page and you will see what I mean. Thank you in advance.
